

MATER DEI JUAN DIEGO ACADEMY SUMMER SCHOOL 2020

Greetings Mater Dei Juan Diego families!

We are delighted to inform you that our **Summer Program** this year will be five weeks long. It will run from June 15 to July 17, 2020.

- A note on the importance of summer studies:
 - All young people experience learning issues when they do not engage in educational activities during the summer.
 - On average, students lose approximately 2.6 months of grade-level equivalency in mathematical computational skills over the summer months.
 - Some students can lose about two months of reading achievement.

- It doesn't have to be this way. Enroll your child in Summer School and they will continue to receive instruction to fill any gaps in learning and minimize summer learning loss .
- Summer school is also a great opportunity to accelerate learning, especially providing opportunities to learn—and use—both English and Spanish.
- Summer School will reinforce, enhance, and advance important skills in math and reading in both languages..

Choose from the following programs:

- | | |
|--|--------------------|
| 1. Summer School Academic Program (Half Day: Morning Only - 8:30am-12:00pm) | \$500.00 (5 weeks) |
| 2. Summer School Enrichment Program (Half Day: Afternoon Only - 1:00pm-4:00pm) | \$450.00 (5 weeks) |
| 3. Summer School Academic & Enrichment Program (Full Day) | \$750.00 (5 weeks) |

At this time, summer school will be delivered through Distance Learning. Should Public Health Officials and the Diocese deem it safe to hold in person classes, we are ready to make a quick change..

The Academic Program has three core subjects: **English Language Arts** , **Spanish Language Arts**, and **Mathematics**. Students will be grouped by grade level and rotated through the three classes. Teachers will differentiate learning to ensure the needs of each student are met.

To balance the academic program, **summer enrichment** will provide **activities** for children to have **fun** each day through Art, Science, Music & Movement, Sports, etc. Each week's theme will be based on the dinosaur topics being discussed in the academic program. A detailed daily **calendar of events** will be given so you can plan accordingly. Materials for Science and Art projects will be distributed ahead of time.

There will be a non-refundable registration fee of 50.00. Registration and payment fees will be done online. You will receive more information as soon as the site is ready to open. Full payment is due on or before June 5, 2020. Payment plans are not available due to the short time we will be in session. We will provide detailed instructions for online payment after registration.

We look forward to a summer of **learning** and **fun**! Please feel free to contact us if you have any questions.

God Bless,

Faina Salter
